

## Land Settlement

(Continued from Page 1)

who wish to move to the richer and more fertile areas of northern Alberta.

It is not known Friday whether Mr. Johnston has consummated any deal or agreement by deposit or filing by proxy on lands in the Peace River bloc, but it is expected he will make a statement on his return to Edmonton.

WHILE IN EDMONTON Mr. Johnston conferred with Hon. N. E. Tanner, minister of lands and mines, in regard to the possibilities of the project from the provincial point of view.

Mr. Johnston said the minister expressed favor toward the idea of settling the north and welcomed especially the proposal of populating it with Americans of established experience and means.

However, any such plan would be subject to the approval of the Dominion department of immigration before any action could be taken by the province.

IT IS EXPECTED that a further impetus in the desire of the American farmers to settle there will result from the announcement Wednesday by Premier John Hart of British Columbia that civilian travel will be allowed on the Alaska highway following its turning over to Canadian jurisdiction by the United States military authorities in a ceremony at Whitehorse, Yukon, on April 1.

Meet in Agreement on Iran  
Soviet Delegate Again Stays  
Away from UNO Deliberations

By CLYDE BLACKBURN

NEW YORK, March 28.—(CP)—Ten of the 11 delegate members of the United Nations Security Council will resume open meetings this afternoon under the unhappy and sinister cloud created by Soviet refusal to participate because the council refused to be controlled by one of the Big Three.

SOVIET DELEGATE Andrei Gromyko, whose dramatic withdrawal from Wednesday's meeting when the council voted down his motion to prevent hearing the Iranian side of that country's dispute with Russia created an international sensation, continued to be the sign of the present meetings.

Today's activities were expected to produce extraordinary efforts to conciliate the situation. Yesterday Mr. Gromyko provided a comic opera effect when he twice drove past the Rockefeller Centre building entrance where his colleagues were gathering to discuss procedure at a meeting he had indicated he would attend.

TWICE POLICE herded the public and the correspondents to make a pathway for the Soviet ambassador only to see his car hesitate slightly at the entrance and then drive away.

There was no explanation for this procedure other than that the Soviet delegation was out for a drive.

Without Russia the meetings continuing today can only discuss and provide material for public opinion but cannot take specific action because each of the Big Five (United Kingdom, United States, Russia, France and China) must vote on important action motions.

THIS AFTERNOON'S meeting is expected to take up the Iranian claims that Russia is seeking to gain control of their oil resources and to dictate the form of government to be carried out in Azerbaijan, in northern Iran.

Russian Arrested  
With U.S. Secrets

SHANGHAI, March 28.—(AP)—A spokesman for the United States Army's Criminal Investigation Division said today that a Russian civilian employee of the army has been arrested for "snooping around" a newly-landed aircraft, and has been found to possess secret army documents relating to airforce installations.

He is undergoing questioning, the spokesman said, but the army is not yet inclined to treat the matter as an espionage case. The army has been unable to determine whether the man was a White Russian (pre-Communist) or Soviet.

Before the  
Magistrate

A quest for a quick fortune in the city by two recent arrivals from the country, Sigmund Duket and Raymond Dubrule, came to a quick end in city court Friday when sentences totaling 29 months were handed out by Magistrate A. J. Miller, K.C.

Duket was sentenced to nine months on each of two charges of passing a forged cheque and conspiring to commit robbery with violence. He was also given 30 days on a vagrancy charge, while Dubrule was sentenced to four months on each of two charges of making false statements and conspiring to commit robbery with violence.

According to testimony given in court the men prowled city streets between March 20 and 24 in search of victims whom they intended to rob. They lost their nerve each time out, court was told.

The quest for a fortune here fizzled badly, the total gain being \$7, \$22 being obtained by a worthless cheque while they borrowed \$5 and then falsely claimed it had been stolen from them.

A criminal record dating back to 1940 and listing a large number of theft and shop-breaking convictions was read out in court Friday when Spencer Coates was sentenced to 30 days imprisonment with hard labor on a vagrancy charge.

Australia Leaders  
To Attend Meeting

SYDNEY, Australia, March 28.—(Reuters)—Dr. Herbert V. Evatt, Australian minister for external affairs, will accompany Prime Minister Chifley to London for the meeting of Commonwealth Prime Ministers. The government leaders plan to leave Australia by air April 14.

## Get Paid Holidays

CALGARY, March 28.—(CP)—Three weeks holidays with pay for all civil employees with 10 or more years of service is embodied in the agreement which has been reached between the city commissioners and the Federation of Civil Employees respecting changes in wages and working conditions for 1946 and retroactive to Jan. 1.

NUTRITION POSTS  
ACCRA, Gold Coast.—(CP)—The Human Nutrition Research Unit of the British Medical Research Council, has appointed women nutrition officers in Trinidad and the Gambia, and nutrition posts have been created in the Gold Coast and Northern Rhodesia. Exports soon will investigate conditions in Malaya.

Court Grants Stay  
In Enticement Case

TORONTO, March 28.—(CP)—Mr. Justice Walter Schroeder yesterday granted a motion to "suspend and stay" an action against Mrs. Mildred Gilchrist, who had been named as having "enticed and procured" Solly Applebaum to leave his wife Violet. Mrs. Applebaum sought \$50,000 damages for the "loss of the society and services" of her husband.

ATTORNEYS for the defendant based motion for dismissal on the complaint on the grounds of similarity between enticement and procuring, and alienation of affections. In Canadian law a woman cannot successfully seek damages from another for alienation of her husband's affections, although alienation may be ground for action by a husband against an offending third party.

## Drug Charge

(Continued from Page 1)

Edmonton address, and later came to the north side where they were observed by officers of the city police mortally afraid leaving the car.

The two men separated on leaving the car, and officers followed them. Slutsker was questioned, and later searched. A bag of poppy seeds was found near the place where the two accused had left the car, and as there was no other person in the vicinity the court inferred the bag was dropped by the two.

Trolley Car Wins  
Race Against Stork

CHICAGO, March 28.—(AP)—A trolley car won a photo finish race with the stork across Chicago's Loop yesterday.

Motorman H. R. Fragel was approaching the Loop with 33 passengers when Mrs. Ruth Smith, 19, whispered in his ear she was going to have a baby.

Fragel, father of four children, jammed on the brakes, and said to his passengers:

"Folks, this woman is about to have a baby. You'd better get off and take the next car. We're headed to the hospital!"

THE PASSENGERS obliged, and Fragel had his conductor put in a telephone call to the Chicago avenue police station.

Then, with his lone passenger, Fragel changed his speeding trolley over to the Loop traffic congestion, a patrol car was waiting.

The woman was rushed to the hospital and her baby was born as she was being taken into the delivery room.

## Ribbentrop

(Continued from Page 1)

France and the low countries, and agreed to the preservation of the British Empire "even with Hitler's own power if necessary."

Two factions developed in Britain by 1937, Ribbentrop said—one favoring an agreement with Germany and another led by Churchill and Yassinart which did not want any agreement or collaboration.

Ribbentrop said he asked Hitler for an assignment to London as German ambassador because of his strong desire for friendship with Britain. But his task was made difficult by the Spanish civil war and a non-intervention conference in London.

"My mission was to cement German-British relations, but I had instructions to maintain my attitude on Spain," he said. "These instructions often were contradictory."

HE SAID OPPOSITION to the proposed pact was prompted by "fear in British circles that National Socialism would disturb the traditional British balance of power on the continent."

He said the anti-communism pact was developed with Japan in 1936 after he told Hitler "I have contacts in Japan, and will be glad to use my efforts to that end." He said he concluded the pact on Hitler's instructions, and then Italy, Spain and other countries joined.

Testifying regarding his personal credo, Ribbentrop said that after he joined the Nazi party in 1932 he "always tried to be a good National Socialist, and I was proud to belong to the small group of idealists who wanted only to bring prestige to Germany again."

He said concerning his work as foreign minister:

"THE FUERHER did not always have a positive attitude about the

## Soviet Officer Charged With Espionage Against U.S.

"It's abduction," said three Russian agents of the arrest by the FBI of naval officer Nicolai Redin as he was boarding a vessel for Russia at Portland, Oregon. The agents spoke up at the hearing before a commissioner. Redin is with U.S. marshals.

## Manhunt

(Continued from Page 1)

no promising lead had developed from them.

NO FINGERPRINTS were found on the German-made .35 calibre automatic picked up along the line of flight of the escaping gunman Thursday. Fingerprint experts pointed out that the small palm-plate grip butt of the weapon would not likely produce any fingerprints, and a check confirmed their opinion.

It is the first time that what is believed to have been a "souvenir" gun brought back from overseas has been linked with a crime in the city.

SURVILLA, WHO underwent a successful operation for the removal of a bullet from his chest Thursday, was interviewed by Detective Inspector Petheram about 3 p.m. Thursday. Although not in condition to give a full statement, he was able to inform police that the gunman was unknown to him. A full statement will probably be obtained during the week-end.

Hospital authorities reported Friday morning that the wounded man was making a "good" recovery and he is expected to make a full recovery from the bullet wound that entered his chest just below the heart and punctured his right lung.

MICKY TYCHOW, 1022 84 avenue, driver of the taxi that Survilla and his companions were riding in just before the shooting occurred, was interviewed by police Thursday afternoon, but was unable to give any further details than those already obtained by the other witnesses, Archie Monroe and Miss Eva Masse, who were interviewed Thursday morning.

POLICE ARE continuing to check an angle that the wanted man might be an ex-convict as witnesses said that he was wearing a discharge button when the shooting occurred. Attempts were also being made to trace a brown hat bearing the initials "J. McC." which was picked up near the scene.

National wheat agreement and work out price arrangements which would provide wide fluctuations.

7. Establishment of the Canadian Wheat board as a "sole institution" for the marketing of Canadian cereal crops.

8. Federal legislation to enable producers to organize and regulate the marketing of their products.

9. Assistance to provincial governments in programs for the expansion of rural electrification as part of the federal reconstruction program.

10. Amendments to broaden the scope of the Veterans Land Act.

11. Provision for some plan of crop insurance to be administered jointly by federal and provincial governments.

12. Extension of the benefits of Prairie Farm Rehabilitation Act to all provinces as part of a national program of soil conservation.

AFRICAN RESORTS

NAIROBI, Kenya (CP)—Plans are going ahead in Kenya for the building of a \$50,000 (\$150,000) luxury villa with a rooftop restaurant and swimming bath on the sea front at Lamu.

A new hotel also is nearing completion further along the coast in an effort to attract tourists and up-country visitors.

## Farm Prices

(Continued from Page 1)

government announcement of a floor price of not less than \$1 a bushel for the next five years.

(The present price paid farmers by the Wheat Board is \$1.25 a bushel for No. 1 Northern wheat delivered at Fort William, Port Arthur or Vancouver. This price, fixed when future trading on the Winnipeg Grain Exchange was suspended in 1943, is being continued for the 1946-47 crop year.)

IN ADDITION to appointment of a Royal commission, the brief made these recommendations:

1. Every possible effort to improve the extremely critical farm labor shortage.

2. Immediate cancellation of the federal tax of three cents a gallon on gasoline for agricultural purposes.

3. Early revision of the Income tax act to eliminate inequalities in the application of the act to farming operations.

4. Increase of four cents a pound in the floor price of butter, to rene its price more equitably to prices of other dairy products.

5. Action to halt the practice of conditional sales of flour with milk feeds to farmers.

6. Establishment of a permanent national wheat marketing policy to give encouragement and leadership to development of an inter-

## Vancouver Police Face Bribe Charge

VANCOUVER, March 29—(CP)—Charges that five high-ranking city police officers have been accepting a "pay-off" from a certain individual were turned over to the city prosecutor's office yesterday for action by the police commission.

Mayor J. W. Corbett said he received a letter from Chilliwack, B.C. last Monday and on Tuesday he turned it over to Chief of Police A. G. McNeill for investigation.

Similar letters were received yesterday by the other two members of the police commission, Judge R. A. Sargent and Magistrate Mackenzie Matheson.

THE LETTER, said Mayor Corbett, referred to certain transactions and dealings which the writer had with certain members of the police force. The transactions "have been going on for a period of years," the letter said.

Estimates

(Continued from Page 1)

as possible," the minister continued. "The enlarged building has been made necessary through increases in the number of federal government offices in Edmonton, so to provide for the larger building the new site on 103 avenue has been acquired."

REFERENCE TO the assistant chief Dominion architect disclosed that the building would cost more than \$1,000,000, while had originally been planned to expend about half that amount.

Edmonton's new postal terminal to be erected just east of the CNR station appears in the estimates for an expenditure of \$250,000.

The estimates predict an expenditure of more than \$10,000,000 on items in various departments which will be reflected in Edmonton and district by improved highway and air transportation facilities as well as by the building of air facilities for planes to and from this city, is one of \$2,460,000 for the proposed cut-off air route, Edmonton to Winnipeg, directly. The construction of improved facilities at Saskatoon, along this route forms a part of the estimate, it was learned.

Improvement of the air route, Edmonton to Yellowknife will cost \$300,000, while general maintenance and new equipment along the Mackenzie river route, in which Yellowknife is included are later for \$507,000. An extra \$100,000 appears for improvements to the Yellowknife landing facility.

ASSISTANCE TO Yellowknife includes \$25,000 to help supply the residents of that northern mining town with water and sewage facilities \$41,000 for a wharf there; \$7,200 which is an annual vote for improvement to navigation and \$25,000 for improvement of general transportation facilities.

The Dominion government's share of the construction of the Grimshaw-Great Slave Lake road will be \$450,000 for that portion of the road which lies inside the provincial boundaries. Hon. W. A. Falvey, provincial minister of public works, announced this week that machinery and equipment are waiting at the southern end of this road so that work could be commenced as soon as possible.

ALASKA HIGHWAY maintenance and improvements, along with the pay and allowances of the Canadian Army men, who will be stationed along it when it is taken over from the Americans, will amount to \$5,200,000. The road officially comes into Canadian hands on April 1.

Another \$85,000 is ticketed for the wharf at Watways.

### Red Cross Fund Tops \$70,000 Mark

A mild flood of contributions from Red Cross branches throughout the northern areas of the province Thursday pushed the total in the current Northern Alberta Red Cross appeal well past the \$70,000 mark, according to R. H. Settle, chairman of the Alberta campaign committee.

**BARNHARD SENT \$800.** Winnipeg, 2200, Rhinoceros 4205, Glenora 1200, Rimley 600, Grande Prairie 600 and Fort St. John \$204.

J. A. King, chairman of the rural areas drive, said that bad roads were resulting in returns from the drive not arriving as fast as expected. Teams have been used in a number of districts and it is expected that a considerable amount of financial support of the Red Cross is yet to arrive.

City donations of \$100 or more were received Thursday from staff of the income tax department, staff of International Harvester Co., Western Supplies Ltd., and Mrs. C. Y. Giffen.

### TCA Is Planning Extended Service

A 35 per cent increase in passenger accommodation will be made available to western Canada air travelers, effective April 1, when the fourth daily flight of Trans-Canada Air Lines from the Pacific coast to Winnipeg, Regina and Winnipeg will be extended to Toronto, Ottawa, Montreal and other eastern cities, thus completing four transcontinental flights daily. It was announced Thursday by Darcy McLeod, district traffic manager.

The four coast-to-coast flights, spaced about six hours apart, through Lethbridge, leave Edmonton at 8:25 a.m., 2:30 p.m., 5:30 p.m. and 9:10 p.m.

Extension of the service is made possible by the acquisition of flight crews from the RCAF, all of whom will be specially trained for the special operations by the airline, on inter-city and trans-border service, thus relieving the faster Lockheed Lodestars which will fly transcontinentally.

### Not Guilty

Glen Chamberlain, Edmonton, was found not guilty in supreme court Thursday by Mr. Justice C. J. Ford on a charge of assault with intent to commit rape, but was found guilty on a charge of common assault. He was ordered to pay a fine of \$25.

### Traffic Held Up

A broken bridge wire on the trolley line on McDougall Hill held up traffic for 10 minutes Friday morning. The break occurred at 8:15 a.m. and was repaired by 8:30 a.m.

Every cubic mile of snow was estimated to be approximately 4,500,000 tons of magnesium.

### It Just Isn't Done in Japan This Kiss Took Courage

TOKYO, March 25.—(AP)—Filming of a romantic kiss—the first ever pictured in a Japanese movie—plunged actor, actress and director into such a dither that production halted at the Ofuna studio today.

THE CAMERA WAS READY for the kiss which was to climax the picture, "The Bridegroom's Troubles." But the blushing Miss Hiroko Shimamura, Ofuna's star, vanished.

Public kissing long has been frowned upon in Japan, and censored from all pre-war pictures. Miss Shimamura's courage failed her.

WHEN SHE WAS COAXED back, the male star, Shinichi Himura, backed offstage in embarrassment.

Finally both were persuaded to take their positions on the set. Then Director Tadato Tanaka, faced with the Japanese custom of snatching each role himself before turning it over to the star, began to get minglings too.

HE ADVISED HIS STARS to watch an American movie and study the technique of its kisses.

They did—and, on their second rehearsal, the deed was done.

### Ukrainian Youth Club Organized

At a meeting in the Ukrainian Labor Temple on Tuesday, March 26, 30 young citizens of Edmonton ranging in age from 13 to 20, met and decided to form a club of young Ukrainians.

The club is to be affiliated to the Edmonton branch of the Association of Ukrainian Canadians, the sponsoring organization. The national and provincial conventions of the association decided to sponsor such kindle-speaking clubs in order that the contribution of young Canadians of Ukrainian parentage towards the social, economic and cultural life of the community be increased.

THE LARGE ATTENDANCE of the Ukrainian Canadian youth, as well as the interest displayed at the meeting, proved conclusively that such a youth club is a necessity.

For, despite the fact that several national and international youth clubs already have strong branches in Edmonton, none of them are able to fulfill all the needs of Ukrainian-born youth.

Artificial respiration was given without effect. Cornerer Dr. Guy of Lamont was called and no inquest will be held.

### Vets Take Course

With 431 veterans enrolled for "training on the job" positions, and 154 opportunities offered by employers, department of veterans' affairs officials state that they are quite a club that would give them along the by-ways of good, intelligent citizenship, and yet keep cultural time with the land of their forefathers—the Ukraine.

### Child Drowns in Drainage Ditch

Berry Henning, 22-month-old son of Mr. and Mrs. Rudolph Henning of Lamont was drowned Wednesday afternoon when he fell into a drainage ditch being dug by his father.

The accident occurred, according to information given to RCMP. The father, who was digging the ditch to drain some water away from his farm home, five miles east of Lamont, was digging the ditch to drain some water away from his farm home, five miles east of Lamont, was digging the ditch to drain some water away from his farm home, five miles east of Lamont.

### Two Fires Cause Slight Damage

Despite high winds, little damage was caused by two fires which broke out in city homes Friday morning within a minute of each other.

At 8:50 o'clock a chimney fire was discovered at 11517 101 street by No. 5 fire hall's ladder responding to the alarm. Just one minute later an alarm was turned in from 11344 91 street where some rubbish and papers in the basement had caught fire. No. 3 and 7 fire halls responded to the second alarm and another 48 have received straight jobs through the campaign, caused by both blazes.

### President-Elect By Air Company

Because of greatly accentuated activity in the Yellowknife mining area this spring and summer, Canadian Pacific Air Lines has appointed Barney Phillips district superintendent of the Mackenzie district with headquarters at Yellowknife. It was announced Thursday by Grant McConachie, general manager of CP Air Lines Western Lines.

Mr. Phillips has been regional traffic manager with headquarters in Edmonton.

W. R. "Pop" May, who has been superintendent of the Mackenzie district, will become regional traffic manager for all of the company's western lines with headquarters in Edmonton.

### Service Estimates Down by Billion

OTTAWA, March 25.—(CP)—Provisional estimates for the 1946-47 fiscal year for a reduction of \$1,044,573,547 in the expenditures on the Canadian armed forces, it was disclosed last night in the Commons.

Estimates tabled by Finance Minister Hiley forecast expenditures of \$488,000,047 for the three services, compared with \$500,000,000 in the fiscal year ending March 31.

Army expenditures for the coming year were set at \$230,170,171, a decrease of \$20,266,224; the air force at \$119,124,753, a decrease of \$430,392,383 and the navy at \$78,565,523, a decrease of \$25,710,811.

THESE DECREASES represented a total reduction of \$1,044,573,547 in the expenditures on the Canadian armed forces, it was disclosed last night in the Commons.

A new item under the army expenditures was \$2,000,758 for the maintenance of the Alaska highway which the Canadian army takes over from the United States army on April 1.

The estimates showed that army expenditures at its experimental station at Suffield, Alta., will be \$12,120,500 compared with \$1,100,000

### Hiley Asks For \$2,769,349,815 1946-47 Estimates Indicate Return to Peace Economy

OTTAWA, March 27.—(CP)—Gradual return to a peacetime economy was reflected in estimates tabled last night in the Commons asking that Finance Minister Hiley ask for \$2,769,349,815 for ordinary and demobilization and reconstruction expenditures for the current fiscal year, 1946-47.

The total compared with \$4,850,540,645 for main, war and demobilization in 1945-46. Mr. Hiley also tabled supplementary estimates totalling \$4,938,573 for 1945-46.

THUS THE ESTIMATED expenditure for the new fiscal year compared with an actual expenditure of \$2,769,349,815 for ordinary and demobilization expenditures for the current fiscal year, 1946-47.

THE INCREASE of \$2,000,000 in ordinary expenditures was accounted for primarily by various items totalling \$104,120,000 which were attributed, directly or indirectly to the war, and an additional \$60,000,000 to provide for family allowance payments for a full year as against a part of the previous fiscal year.

The increased items attributed to the war included an advance of \$91,120,000 in interest on the public debt and other debt charges and \$13,000,000 increase in expenditures on veterans affairs including the Veterans' Land Act.

EXPECTS ABOLITION of Provincial Govts. CHATHAM, Ont. March 26.—(CP)—Abolition of provincial governments in the next few years was predicted yesterday in an address by Alderman William A. Donovan, who suggested a Royal Commission investigation into the entire system of government. He said provincial governments were too large to handle matters of local interest and too small to deal with problems of national scope.

## NORTHERN RESOURCES LTD.

### YELLOWKNIFE GOLD EXPLORATION

### Owning Twenty-Four Promising Claims

Bell Group and Chuck Claim—consisting of six claims (approximately 310 acres). The group of claims is located directly between the famous Giant Yellowknife Properties and the Ptarmigan Mine. The road and power line to the Ptarmigan Mine both pass over the Southern portion of the property.

Here's What James M. Wilson, M.E., Says: "The area is one worthy of extensive exploration. Faulting along the west boundary is a favorable feature having served as a channel for gold bearing solutions which may have been deposited in the depressed area to the east of the fault. Several quartz veins were discovered by the stakers which should be checked for gold values. Reported gold values in diamond drill holes immediately to the north of McKean Island is sufficiently close to trace occurrence into the Bell group. Structural conditions are such that the area can be regarded favorably as the locale for gold bearing ore deposits. I regard this property as one having the earmarks of a prospect of merit. If a serious attempt is made by some company to explore the possibilities there."

WAC Group at Clan Lake—a group of 18 claims located close to Clan Lake, about 35 miles north of Yellowknife, (approximately 900 acres).

Report by James McAvoy—"There are numerous quartz veins on the property and several shear zones. I found gold in two places: (a) In a well mineralized quartz vein that is exposed for about 400 feet and that varies in width of about 4 feet, and (b) In quartz stringers that appear in a shear zone that is exposed for about 600 feet with an average width of about 12 feet. This shear zone is about 800 feet north of the north end of the quartz vein and runs in the same direction, which leads me to believe that the quartz veins may be in the same zone. The Company intends to carry out close prospecting operations on both groups of claims, with a view to preparing for a diamond drilling program for each group.

## Lunan Evidence

### Given to Press

OTTAWA, March 29.—(CP)—J. L. Cartwright of Kingston, counsel for Sgt. Gordon Lunn, said today that evidence given by Lunan before the Royal Commission on espionage showed he "did give certain information to Maj. Ross of the Russian embassy, but there is nothing to indicate that the information was secret."

Mr. Cartwright's press conference certain parts of the 200 pages of evidence taken by Royal Commission from Lunan who now faces severe charges of communicating secret information to Russia.

Crown counsel in the case declined to release any of the statements or to reply to the defence lawyer.

Mr. Cartwright met reporters a few hours after Magistrate Glenn Striker received the evidence as the sole basis of the crown's intention that Lunan should be committed for trial.

Magistrate Striker declined to make evidence public, but Mr. Cartwright refused to take an oath binding him to secrecy. The chief portion he read from the evidence contained a statement by Lunan as to why he had given information to Maj. Rogov.

THE STATEMENT TOLD OF Lunan "revealing" his conscience ideologically after helping Canada's veterans of the Spanish Civil War.

Later he had worked prominently for the Quebec committee for the strike received the evidence as the sole basis of the crown's intention that Lunan should be committed for trial.

"True, when I suddenly found myself in the position with this man Rogov, I far outweighed any battle with motives or convictions that I had had," said the statement. He had had "in dip into my assessment of the situation in which we (Canada) could ourselves and the future."

RUSSIA, AT THIS TIME, was becoming a very important ally and "the beginnings of a much more advanced form of international co-operation was being formed."

He had felt that continued co-operation and friendship with Russia in peacetime would be "tremendously important."

Mr. Cartwright said it was clear that Lunan met Rogov, former assistant military attaché at the Russian embassy.

Some information Rogov asked for was "all right" and Lunan had given it to him. Other information requested was not all right and he did not give it. "This was what the lawyer took the evidence to mean."

LUNAN HAD GIVEN some facts about radar which he did not think were secret.

Mr. Cartwright read a statement by Lunan to the commission to the effect that "I did not permit myself to be coerced (by the Russian) nor did I think I had the right to coerce anyone else."

Lunan said he had ignored Rogov's offers of money for taxi and other expenses although the Russian was "always bringing it up." He had considered this "a preposterous suggestion."

LUNAN STATED FLATLY he had not given any money to anyone else. Told of a Russian note in which "Black" his alleged code name—was listed as getting \$100, he replied "I don't know. I can't explain an original Russian document. I say no money was paid."

Asked if the evidence contained any "damaging" things for Lunan, Mr. Cartwright said there were, but none that haven't come out already.

RATS TIP FLOOD  
BRISBANE, Aust.—(CP)—In Queensland recently water rats were observed to build their nests higher up the river banks. The tip was right. A week later heavy rains brought bank-eroding floods.

## Veterans Leaving Police Force

TURNKEY WILLIAM LAMB DET. HUGH ALLAN

### At End of This Month

## Two Veteran Officers Leaving Police Force

A total of 65 years service is the proud record of two members of the city police force whose retirement at the end of the month was announced Friday by Chief Constable Reg. Jennings. Detective Hugh Allan and Turnkey William "Bill" Lamb, the retiring members, have been with the Edmonton force for 33 years and 32 years respectively.

BOTH ARE PRODUCTS of the British Isles, Turnkey Lamb coming to Canada from England in 1907 while the detective, born in Donegal, Ireland, arrived one year later.

"They have both been efficient, hard-working police officers and we shall miss them on the force," was the comment of Chief Jennings. "The big, jovial policeman still going strong at 60 years, with Det. Allan in 1914, and found many a 'beat' with both men."

A policeman's life has proved a hazardous one for Detective Allan. Two years he has battled gonorrhea, emerging victorious on one occasion and suffering a serious abdominal wound in the other.

ARRIVING IN EDMONTON in 1907, he did frivoltage work on the old Grand Trunk railway until 1912, when he went to Wetaskiwin as a policeman. He still has a memento of his year at Wetaskiwin—a piece of lead.

"It was making my rounds when I discovered some safe-crackers at work in a store but I never got close to them for just as I pushed the door open they started firing at me," he recalled. One shot wounded him in the abdomen and sent him to hospital for a month. The men escaped and were never identified.

ALLAN JOINED the city force in April, 1913, and pounded beats with the 1st Battalion and was promoted to sergeant in 1914, when he was called to the 202nd Battalion. He served in France with the 1st Battalion and was discharged in 1919. He returned to the Edmonton force in 1920. He has been there ever since.

It was while on patrol at the old Empire theatre with Sgt. Y. G. Nelson in December, 1923, that he had another run-in with a gunman. He spotted a suspicious looking character looking into cars and stopped him for questioning. The man drew a gun, but Det. Allan was able to grab his gun-hand and throw him to the ground.

"I JUST HUNG ONTO his hands and kept him on the ground until the third game of the series at the Arena Saturday."

"I'm pulling for Canadians to win," he said.

It was while on patrol at the old Empire theatre with Sgt. Y. G. Nelson in December, 1923, that he had another run-in with a gunman. "I JUST HUNG ONTO his hands and kept him on the ground until the third game of the series at the Arena Saturday."

"help arrived," was his comment. "That lad was really looking for trouble—we found three guns on him and his pockets were full of shells," Allan recalled.

The gunman was sentenced to three years imprisonment. Detective Allan intends to stay right here in Edmonton. "I've been here a long time and I know lots of people here, so between visiting and pottering around in my garden, I'll be able to keep busy," he said.

"I figure that I've been around here long enough—a fellow wants to get out while he's feeling good," was the laughing comment of Turnkey Lamb as he discussed his pending retirement.

## Mounties Are Urged to Form Scout Groups In Rural Areas

Royal Canadian Mounted Police men stationed with detachments in outlying districts were urged to form Scout groups for the benefit of "teen-aged members of the respective communities, when H. B. Holloway, executive commissioner of the Boy Scouts Association spoke at the RCMP barracks Friday morning.

THE SCOUT OFFICIAL was addressing the second of a two-day conference of 30 "Mounties" from all parts of the province, called to discuss ways and means of combating juvenile delinquency. Preceding the meet was Supt. R. H. Darling.

Others at the head table Friday included Hon. K. E. Tanner, minister of lands and mines, and provincial Scout commissioner, who dealt in his address with the last years of his life, will leave for Ottawa April 1. He will be succeeded by Paul McNamee.

elal policemen to take over leadership of Scout groups, or if unable to do this, to help in various other ways be outlined.

Friday afternoon's program called for an address by Supt. Darling and Insp. E. Brakfield-Moore, RCMP divisional personnel officer.

AN OPEN FORUM discussion will be conducted by speakers who have taken part in the conference, to wind up the proceedings.

Three Officials Leave Government Civil servants and officials of the department of education gathered on Friday afternoon to bid farewell to three veteran members of the staff whose retirement takes place at the end of the week.

They are Dr. G. F. McNally, civil minister; R. V. Bellamy, registrar, and R. A. Douglas, accountant.

Dr. W. H. Swift takes over the post of the deputy minister on Monday, according to Hon. R. Earl Anley, minister of education.

# So Many Nice Things For Your House!

## Household Appliances

These handy and practical items are ready for delivery. Quantities are limited and, therefore, it will pay you not to delay.

**Moffatt Handi-Chef \$34.95**  
Cooks a full meal with one heating element.

**Electric Hot Plates \$6.20 and \$9.60**  
(Two burner) for lunches and quick meals.

**Shaded Desk Lamps \$9.95**  
(Electric) with modern efficient shade.

**Fluorescent Desk Lamps \$21.00**  
Most modern illumination.

**Baby's Bottle Warmer \$3.95**  
(Electric) Practical for emergencies and night use.

**Electric Clocks \$11.19, \$15.94**  
(Including tax) Attractively designed alarm clocks.

**Electric Irons \$4.95 and up**  
Modern streamlined irons.

**Steam Electric Irons \$18.25**  
An ideal implement for fast, efficient pressing.

**Electric Toasters \$4.75 and \$5.75**

**General Electric Humidifiers \$41.75**

**Remington Razor (Dual Electric Razors \$19.95**  
Modern streamlined shaving implement.

**Radio Links \$7.95 each**  
Extend your radio to bedroom, kitchen or porch.

**Record Players \$39.50**

**"Presto" Pressure Cookers \$17.95**  
A modern household dish.

**"Saniboy" \$6.95**  
Nicely enamelled.

**Gas Fire Places \$56.85**  
Front dimensions 28" wide by 31" high.

**"Cabin Cook" Coal Range \$28.95**  
Small but very practical.

## Chesterfields—

For the central feature of your home we have a most interesting and worthy group of chesterfield sets to show.

The styles are correct and up to date including many of the very appealing period designs. All are well made and fully equipped with springs.

Price range 129.00 and up.

## Lounges—

Including many single pieces as well as two and three-piece sets. The variety is better appreciated on personal inspection.

Price range \$49.95 and up.

## Bedroom Suites—

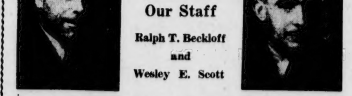

We show you a most attractive bedroom section. Styles are varied and there are many different kinds of wood in many different colours.

Among these are some rather marvelous period sets in mahogany and oak. Complete price range for 4-piece sets runs from \$89.50 to \$615.00.

## Dining Room Suites—

A limited group of attractive dining room suites. You will be charmed when you see them.

Price range from \$200.00 up.

who for a long time have been serving with the R.C.A.S.C. Their friends will be as glad to see them with us as we are to have them again.

## Haley Tables Estimates

## Throne Speech Debate Ends Suddenly in Ottawa House

By GEORGE KITCHEN

OTTAWA, March 29.—(CP)—Debate on the Throne Speech ended suddenly in the Commons last night, with the motion for adoption in reply to the speech being adopted on division after Prime Minister Mackenzie King asked that it be passed unanimously.

GORDON GRAYSON (PC-Peet), acting leader of the opposition called out "on division" when Speaker Gaspard Fauteux put the motion which Mr. King said should be passed unanimously in accordance with proper parliamentary procedure.

Mr. King rose after Frank Zaplatny (CCF-Dauphin) made the last speech in the debate which began March 15.

Mr. King said the members had opportunity to express their feelings as to government policy on the three motions of non-confidence, the administration, moved by the opposition during the debate, and unemployed, send more food to Britain, raise the price of butter and improve the lot of women.

After the throne speech was adopted Finance Minister Haley tabled estimates totalling \$2,769,348, \$15 for 1946-47.

It was a quiet session with a

A.B. Jack Brooks of Toronto finds there are still spuds to be peeled even though the war is over. Jack served on the Export Carriers P.M.C.S. Punched and has signed on for five more years. Adv.

## Hypnotic Eye, Junior Size

With a penetrating gaze and mystic manoeuvring of the hand, Little Chester Dziardzynski seems to be putting the old whammy on his playmate, Sharon Wietrzykowski, as the 11-month-old youngsters await attention at one of Chicago's welfare stations.

to \$2,000 a year for married persons and \$1,200 for single wage earners.

A FACT-FINDING commission should be established to determine whether the recent three-cent-a-gallon increase on gasoline in Western Canada was warranted.

Mr. Wyllie said the prosperity of Medicine Hat depended on the carrying out of irrigation projects in southern Alberta. Many business firms were awaiting the completion of these projects before settling in Medicine Hat.

He called for the building of a Trans-Canada highway that would be parallel to the trans-continent highway in the United States. Such a highway was necessary to assure Western Canada a fair share of the tourist trade.

Mr. Zaplatny said the Throne Speech made no provision for housing or old age pensions. It was a "private enterprise" speech and did not "face up" to the situation confronting the country.

TURNING TO WHEAT, Mr. Zaplatny said he could not see the use in Mr. Gardiner and John Brocken, Progressive Conservative leader, engaging in a verbal spout in the Commons about wheat acreage when it was the individual farmer himself who decided what he would grow.

"I do not know of a farmer who goes to Hamard (the official record of Commons debates) to see what Mr. Gardiner has said before he plants his spring crop," he said. The way to stimulate wheat production was to fix a floor price of \$1.35 a bushel for wheat instead of the \$1.2 a bushel guaranteed at present.

ANOTHER OBSTACLE hinder-

## Urges Preference To Army Volunteers

WINNIPEG, March 29.—(CP)—Col. Gordon Churchill, member for the army, told the Manitoba law amendments committee yesterday that if the priorities are given to war veterans for admission to civil service, a distinction should be drawn between those who volunteered and those who didn't.

He objected to a clause in an amendment to a bill amending the Civil Service Act which gave employment preference to men and women who "served on a full time basis in the naval, military or air forces."

COL. CHURCHILL SAID there should be no hesitation about giving preference to volunteers. Those who didn't volunteer should be left in the same category as civilians.

Mr. A. Gray (CCF-Winnipeg) said he was opposed to the army members' suggestion. "It will only serve to divide the people and create ill will among different groups."

## Quebec's Budget Largest on Record

QUEBEC, March 29.—(CP)—Presenting the heaviest budget in Quebec's history, provincial treasurer Oneime Gagnon last night forecast a surplus of \$30,150 for the fiscal year ending March 31, 1947.

As of March 31, 1946, with 11 months actual and one month estimated, the provincial treasurer reported a surplus of \$1,751,000.

This was \$1,082,800 greater than the surplus estimated a year ago when Mr. Gagnon budgeted for a surplus of \$668,195. At that time he reported a deficit of \$1,311,145, of \$8,237,000, placing the responsibility on the previous Liberal administration.

MR. GAGNON SAID there would be no new taxes for the coming year "except perhaps the necessary contributions specifically and solely attributable to the financial settlement of the schools question and easement for small proprietors."

For the fiscal year 1946-47, Mr. Gagnon estimated total revenues at \$108,315,000 and expenditures, both ordinary and capital plus public debt charges, at \$107,064,000.

For the fiscal year now ending, Mr. Gagnon reported total revenue of \$109,322,000 and expenditures of \$107,571,000.

## Indian Is Held On Murder Charge

PORT FRANCES, Ont., March 29.—(CP)—Jim Cogan of the Mornington Independent yesterday was charged with the murder of Raisy River last Sunday of John Handorgan of the same reservation. Handorgan's death was believed to be the result of an alleged struggle early Sunday morning. He was found lying in a ditch.

## Healer Sentenced By Eastern Court

ST. HYACINTHE, Que., March 29.—(CP)—Francis Parry, who claimed to be the "seventh son of a seventh son" and induced prospective "patients" in this area to pay him mass stipends for health cures, yesterday was sentenced to three years in penitentiary by Judge Victor Chabot after he pleaded guilty to various charges of obtaining money under false pretences.

## Vets' Estimates Doubled by Haley

OTTAWA, March 29.—(CP)—Expenditure of \$821,512,552 for veterans' affairs, including war service gratuities and rehabilitation credits, was promised in the main estimates for 1946-47 tabled in the Commons last night.

The amount provided for 1945-46 totalled \$394,473,039.

THE NORMAL ESTIMATES for 46

the department totalled \$6,680,000, compared with \$6,779,500 this year, but the big increase came under demobilization and reconvocation, the section representing continuation of many services previously provided under separate war and demobilization appropriation acts.

It showed an allotment of \$195,332,000 for veterans' affairs generally, against \$171,703,051 this year, and \$326,445,371 for war service gratuities and rehabilitation credits, compared with \$240,000,000 in 1945-

# World Authority International Atom Control Body Suggested by America

WASHINGTON, March 25.—(AP)—A plan for an international "atomic development authority" to be the sole producer of the world's fissionable materials and lease them to the powers for science and industry was released last night by United States state department.

IT CONTEMPLATES that over period of years and as the A.D.A. is established, knowledge now the exclusive possession of United States will be made international property and plants such as those at Oak Ridge, Tenn., and Hanford, Wash. will be owned and operated by the international authority—and, by none other.

The plan, stating that U-235 and plutonium "can be destroyed" as well as to lend themselves "readily" to making atomic bombs, was presented to the senate atomic energy committee Monday by the under secretary of state, Dean Acheson, chairman of the official committee which drafted it.

A scientific authority revealed that the United States actually had tried to make atomic bombs of deuterium material and had found it impossible. This authority, acting anonymously, also explained that deuterium uranium can be obtained in two ways—by producing it in deuterium form originally, or by making material suitable for explosive use and then "striking" it.

THE VAIN ATTEMPTS to make the bomb, and the discovery of the deuterium, occurred some years ago.

In releasing last night the 78-page document of more than 20,000 words, State Secretary Byrnes wrote in a foreword that it "is not intended as a final plan but a guide to begin, a foundation on which to build" in the committee's words.

The plan starts with the premise that uranium, of which large deposits exist in Canada, "is the only natural substance that can be used in a chain reaction," and "is the key to all foreseeable applications of atomic energy." It adds that "it is not to be anticipated" that the

**Reduced Tariffs Declared Needed**

MONTREAL, March 25.—(CP)—Emphasis in post-war international trade is on a reduction of tariffs to "avoid a repetition of the self-sufficiency policies that were followed after the last war with such disastrous results," M. W. Mackenzie, deputy trade minister, said tonight.

Sketching the background of Canada's trade policies in an address before the Quebec Society of Chartered Accountants, Mr. Mackenzie said reduced tariffs were "not simply a matter of Canadian policy" but the "trend of thinking in the trading nations of the world."

THE UNITED STATES and Britain had declared their intention of lowering tariffs and reducing trade barriers, and major trading nations of the world had agreed to meet this year to discuss the United States proposals.

Mr. Mackenzie urged that Canadian business and the government work together in the field of international trade development. The trade and tariff committee recently had been set up to hear representations from Canadian industry as part of the preparations for the trade discussions later this year.

Because of the need for a sound post-war Canada was advancing credit of about \$1,000,000,000 annually during 1946 and 1947 to enable other countries to rehabilitate and take their place in the proposed world organization.

**Riot, Blast Cost N.S. Vendors \$5,881**

## Finds Out He's a Count!

No wonder Lt. Alexandre Dias Bettencourt and his wife are smiling: He found out he's a Count! So she's a Countess! Bettencourt learned about his noble ancestry while tracing his family tree in the French National Archives during a tour of duty. Original family seals and a deed issued back in 1210 show him to be legal heir to the title of Count and to Chateau de Bettencourt de Haut-Marne. The Count and Countess and Alex Jr. are shown in their Washington home, having tea from the crested family service.

force of inspectors who would examine scientists who also would give advice on research and operation.

THE INTERNATIONAL A.D.A., as contemplated, an organization of a type to attract the greatest scientists of every country to its rolls would be the world's supreme authority on atomic energy.

The A.D.A. would conduct nuclear research, including research in the field of atomic explosives. The explosive field it alone would be permitted to conduct research. The whole control system would be bolstered by an international

legislature yesterday showed liquor riots in Halifax suffered a total loss of \$5,881 in the VE-Day riots and the naval magazine explosion last July. The stores were looted in the May 8 riots and property damage was suffered in the magazine blast.

The committee declared that "a great part of the field of atomic energy can be opened with relative safety to competitive activity." But it underlined its statement that "the safe operations are possible only if the radioactive materials are being carried out currently by the international authority."

The committee listed three activities which it would classify as "safe" and four as "dangerous."

SAFE:

1. "The application of radioactive material as tracers in scientific, medical and technological studies."
2. The use of small amounts of radioactivity in research which use deuterium U-235 or plutonium. "These can be used to make radioactive materials or to provide radiation as a research tool or to bring about chemical and biological changes."
3. "The development of power from the fission of deuterium U-235 and plutonium in high power-level reactors" of 100,000 to 1,000,000 kilowatts.

DANGEROUS:

1. "Prospecting, mining, and refining of uranium, and, to a lesser extent, thorium."
2. The enrichment of the isotope U-235 by any methods now known to us."
3. "The operation of the various types of reactors for making plutonium, and of separation plants for extracting the plutonium."
4. "Research and development in atomic explosives."

## Russia Preparing For Counter-Blows

By EDWARD V. ROBERTS  
Exclusive to The Edmonton Bulletin  
LONDON, March 25.—(BUP)—Diplomatic quarters with a weather eye on Soviet newspapers and radio saw the possibility today that Russia may raise the question of American bases in Cuba and British troops in Java as counter-arguments in the Iranian dispute.

RUSSIA was preparing the way for these counter-blows, it is believed, by publication of attacks on both situations within the past 24 hours.

Moscow newspapers today carried a Tass report from New York quoting an attack by the Communist newspaper Hoy of Havana on American bases in Cuba. The newspaper demanded UNO security council consideration if Cuba fails to get "satisfactory settlement" through diplomatic channels.

THE SOVIET government newspaper Izvestia renewed its attack on Anglo-Dutch policy in Indonesia, it charged that British and Dutch troops were "developing an ever greater scale war operations against the local population, which is struggling for its freedom and independence."

British failure of all shades of political opinion except Communist is today criticized Soviet foreign policy with such terms as "stupid" and "clumsy."

## Baby Boy Born On Ont. Street

PENETANGUISHEN, Ont. MARCH 25.—(CP)—A woman gave birth to a boy just off a lone sidewalk Wednesday night, then a few yards and fell unconscious. Today the mother is in hospital with the child, described by the attending physician as "as healthy as a trout and crying lustily."

## Princess Sees How London Gets Electric Supply

LONDON, March 25.—(CP)—Princess Elizabeth wanted to see how London gets its electricity so Queen Mary yesterday took the princess-presumptive to the throne on a visit to Battersea power station on the Thames.

From there they proceeded to the substation at Eccleston Place in the West End which supplies Buckingham Palace.

The princess viewed two panels here marked "Buckingham Palace priority" and also examined recent current cable labelled "the King."

Princess Elizabeth and her grandmother were greeted at the big Battersea plant by the Earl of Lytton, chairman of the London Power Company, and by crowds of gift workers.

## Leaves \$2,200 Cash In Out. Restaurant

BRANTFORD, Ont. March 25.—(CP)—A Toronto woman excitedly telephoned police to report her purse in a restaurant here. The woman, whose police did not identify, asked them to check the amount in the purse if it were found. A waiter had picked up the purse and turned it over to the management. Under police eye the manager could not find the \$2,200.

## Royal Navy Mark Tops Billion Mark

LONDON, March 25.—(CP)—The proposed 1946 Royal Navy budget was published yesterday calling for \$2,300,375,000 (\$1,800,000,000) and 690,000 men. Unofficial estimates for 1946, the last year in which figures were published, called for 125,000 men.

## Manager Prince Rupert Course Opened

Welcomed news to Edmonton golfers was the announcement Friday that the Prince Rupert Golf Course has been opened for play in the 1946 season. It was announced by Maurice Hunter, manager. No. 1 tee is located at the corner of 117 street and 109 avenue.

OWNED AND OPERATED by the Hudson's Bay Company as public course, the Prince Rupert has only one charge, 50 cents for a 9-hole game.

Officials at the course said Friday that large green and wide fairways are in the best of condition. Reservations can be made from 9 a.m. Fridays for the week-end following. Refreshments will be served throughout the day.

Street car service is within two blocks of No. 1 tee.

## Manager Exchequer Writ Ties Up Estate

VANCOUVER, March 25.—(CP)—The \$150,000 estate of the late Mrs. Bonnie I. H. Steed of Vancouver, which was to have been sent to California for distribution among 22 beneficiaries, is being held up by a writ issued yesterday from Ottawa, Administrator W. W. Walsh said Thursday.

MR. WALSH RECEIVED permission from Mr. Justice A. M. Macdonald to forward the money to the California administrator several days ago. This was held up, however, when the deputy minister of taxation at Ottawa wired a stop order to the Royal Bank of Canada here, where the money is now deposited.

The writ, from the court of the exchequer, tied up the funds until the government's claim to succession duties had been settled.

## Ask Right of Bail For Jailed Member

WINNIPEG, March 25.—(CP)—A resolution demanding the right of bail for Fred Ross, Labor Progressive member of Parliament who is being held on any charges, was passed at a meeting here last night called by the Winnipeg committee of the Labor Progressive Party.

Another resolution requested immediate break of diplomatic relations with Franco Spain and urged Canadian backing to the demand for the Royal Navy to fight with in the United Nations Security Council.

HAVE YOU TRIED % FOR NOT DRINKS?

## Men's 14" High TOP BOOTS

Reg. \$3.50, to Clear \$1.39

Made from black pebble grain leather in mocasin style with triple attached vamp and triple attached heel. Each pair worth many times the price. Now, brown, tan, black and white. Reg. \$3.50, to clear, pair \$1.39.

# The Bulletin SPORTS by Hal Bean

**WINNIPEG Monarchs** today are on even footing with the Edmonton Canadians in the western junior final and they deserved their victory by virtue of third-period superiority. Goal count. It should be a close race, but the break may decide it.

Canadians could well have been two or three up in the first period, but they wound up one in the end, after holding a more prolonged edge on the play than Monarchs did in the final heat.

The Winnipeg boys struck for three quick goals in the first period, all in slightly over six minutes and one of which might have been stopped. By Beatty's, which raised the count to 3-1, was a good goal. By the doesn't like it, it was in "that right spot at the right time."

**"IT'S NOT THE FIRST GAME** we've lost, was Coach Earl Roberts' dressing room reaction to the 5-1 setback at the hands of the Monarchs on Thursday night.

"We'll just have to start all over again, and we can do it," was the way Harry Groves saw the deal.

"It was a great game," observed Bill Gadsby, for whom being held scoreless is very much a novelty.

"That was Canadian's 10th playoff season of which 12 are on the credit side and Canadian's 13 goals and nine assists to date."

"Well, if that's their best, I think we'll get along alright," said Cy Thomas as he spotted his trans-

portion pull up to the arena south door.

**A COUPLE OF DOORS** away Walter Monarch, maestro of the Monarchs, showed an almost complete reversal of interpretation of the game. As a result, the game lost much of its attraction as a hockey game.

It was a miracle that no players were injured. As a result, the game was entirely due to good judgment of the members of the two teams that at least one and possibly two general melee ensued.

Hocking, holding and cross-checking and even the odd butt-swinging went unnoticed.

In one instance a player built an opponent at the boards and the butt-swinged five across to hit an opposition defenceman at the end of the line with the most violent cross-check of the night.

Shortly afterward a player wrapped an opponent around the neck with an entirely new version on "the old" penalty, but play rolled right along.

**New York Races Will Be Filmed**

NEW YORK, March 29.—(AP)—The five New York race tracks will use the Telefilm Patrol this season as an "insurance of efficient control of the sport," track officials announced yesterday.

The Telefilm Patrol is a method by which every foot of each race film is scanned by a camera and the film is developed, dried and ready for inspection by the stewards seven minutes after the horses have crossed the finish line. The method was used during the winter in California racing.

**Rees Tops Field Qualifying Round**

ST. LOUIS, March 29.—(AP)—Bugs, March 29.—(AP)—Bugs, who posted a six-over-par 79, Dalrymple, former British Ryder Cup star, led a field of 12 professionals who qualified Thursday for today's 36-hole final in the \$12,500 Daily Mail Open golf tournament.

Bugs, with his first round 72, Wednesday, the little Welshman hung up a 151 for the first two rounds to lead C. H. Ward, last year's winner, and A. Harrison by one stroke. Ward and Harrison led at 152.

**YMCA Hoopsters To Meet Calgary**

CALGARY, March 29.—(AP)—Although defeated 28-19 by East Calgary Breezies last night, Calgary Bombers were the right to meet Edmonton for the provincial junior basketball championship by taking the two-game total point series by a 39-32 margin.

Bombers now meet Edmonton YMCA in the first of a home-and-home series with the first game here next Thursday and the second scheduled at Edmonton April 1.

**Montreal Royals Represent Quebec**

MONTREAL, March 29.—(CP)—Fascinating Montreal Royals won the Thomas O'Connell Trophy, an amateur of the Quebec Senior Hockey League championship, last night by hammering Ottawa Senators 5-2 to take the best-of-five series 4-1. Royals will represent Quebec province in the Allan Cup playoffs.

**O.C. Rugby**

HULL, Yorkshire, England, March 29.—(Reuters)—Hull Kingston Rovers beat York by 23-10 in the only rugby league match played in the United Kingdom Thursday.

## Edmontonians Down Vernon 4-2 and Take West Final Two Straight

### Independents' Game in Intermediate Title

**Going Strong**

**Holmes Nets Three Goals For Champs**

**VERNON, March 29.—(CP)—**Edmonton Independents won the night game in the Western Canada intermediate championship by defeating Vernon Legionnaires 4-2 here in a scheduled best-of-five final.

Independents scored a 4-1 victory in the first game here Wednesday night.

Louis Holmes, tricky Edmonton center, paced his team to victory with three goals, two in the opening stanza, both from passes by Bill Dave and the other in the first period. Ken Dougherty and Ed Foster set for Vernon.

**THE TWO** squads went scoreless in the second period.

In the third game, Holmes, playing hard to top the championship in straight games held off at Vernon efforts in the last chapter while hanging two goals themselves to seal the verdict.

## Dertell Misses Shoutout Stampeder Trample Orioles To Sweep West Semi-Final

**N.S. Harris Heads CS Tennis Club**

**CALGARY, March 29.—**(CP)—Chalking up an 8-2 decision against the Winnipeg Oriole sextet that won considerably more skill than its previous season's performance, Calgary Stampeder made its best-of-five playoff before 4,243 fans here last night.

**Jack Arbous's power-packed** Stampers now beat the British Columbia champions, with series opening at either Trail or New Westminster early next week, depending on the outcome of the currently undecided coast province play.

**Stampeder, dressy only 11** players and leaving bulky defences Julius Savchuk and Pete Stobodan on the sidelines, went ahead 5-0 in the first period last night, made it 5-0 in a speedy second frame and then added three more goals before Fabre and Murphy spoiled goalie Russ Dertell's shutout in the last three minutes of play.

**JOE FISHER, Doug Cairns** and the Stampers' attack, the other tallies being set by Ken Hunter, Tony DeMarco, Bill Fisher, Cairns, Hunter and Bob Hunter. All collected two assists each.

**Stampers, dressy only 11** players and leaving bulky defences Julius Savchuk and Pete Stobodan on the sidelines, went ahead 5-0 in the first period last night, made it 5-0 in a speedy second frame and then added three more goals before Fabre and Murphy spoiled goalie Russ Dertell's shutout in the last three minutes of play.

**Stampers, dressy only 11** players and leaving bulky defences Julius Savchuk and Pete Stobodan on the sidelines, went ahead 5-0 in the first period last night, made it 5-0 in a speedy second frame and then added three more goals before Fabre and Murphy spoiled goalie Russ Dertell's shutout in the last three minutes of play.

### Jacobs Unhappy Despite Sellout

**NEW YORK, March 29.—(AP)—**Promoter Mike Jacobs has sold every available ticket for tonight's 10-round non-title fight between lightweight champion Marty Served and Rocky Graziano in Madison Square Garden but nevertheless he is a sad man.

**Assured of 18,000 spectators** and receipts of \$175,000, Jacobs is positive he would have drawn the \$148,000 Beat Jack and Montreal's Johnny Greco registered earlier this night.

### Pittsburgh Events Semi-Final Series

**PITTSBURGH, March 29.—(AP)—**Pittsburgh Hornets defeated Cleveland Barons 6-3, last night to win the best-of-five American Hockey League semi-final playoff series at one game each before a crowd of 5,500.

**The third and deciding game** of the series will be played here Saturday night, with the winner to face Buffalo in a best-of-five final round for the Calder Cup.

**A long shot by Pete Becker** of the Hornets, five minutes before the end of the game, decided the outcome.

**Bartholomew, Mottier and Sporn** scored for Barons and Trudel added a pair for the visitors.

**Manaffy, W. Wilson and Metz** got single goals, in addition to Metz, for the local club, with O'Flaherty chipping in two tallies.

**Elmer Riddle May Retire from Ball**

**KAMPA, Fla., March 29.—(AP)—**Elmer Riddle, member of the Cincinnati Reds' mound staff since 1940, has asked to be placed on the voluntary retired list, club general manager, Warren Giles announced Thursday.

**The stocky right-hander** did not return a contract this spring. His best year was in 1941 when he won 19 and lost four. He won 21 and lost 31 in 1940, but in 1942 (2-3) and 1943 (1-4) complained of a sore arm.

### Archery Tourney At "Y" on Tuesday

**An indoor archery tournament**, sponsored by the Edmonton archers, who are affiliated with the YMCA, will be held in the west wing of the YMCA on Tuesday, April 2, at 7:00 p.m.

**One ladies' and one men's team** will be entered by the University of Alberta Club and two ladies' and three men's teams will be entered by the Edmonton Archers' Ladies' and men's singles and teams throughout the city are cordially invited to participate in this event.

**It will not be necessary to submit** names of contestants as arrangements have been made on that evening to take care of registration.

**Curling Grand Slams**

(Phone 3245)

**TONIGHT, 8 p.m.—**Roberts vs. P. Robertson; MacKay vs. P. Robertson; Kufman vs. Gray; Law vs. W. Robertson; Morgan vs. P. Robertson.

**One quart of milk is required** for a pound of evaporated milk.

**MONARCHS CASHED** in their man-power advantage for a goal. McNeil's shot from well out to the left going between Sofiak's pads at 13:15.

## Alberta District News Briefs

Pilot Lauds Alaska Road  
As "Greatest Air Strip"

In Charge

FORT ST. JOHN, B.C.—The Alaska Highway's wartime role of supply line to northern troops makes a fine emergency landing strip for post war private planes, according to Jerry L. Church, 22-year-old pilot of Fairbanks, Alaska. Church, former captain in the US Air Force, piloted Piper Cub in an artillery observation from Normandy beaches on into Germany with General Patton's 3rd Army, has been more than two weeks trying to get a four-engine Stearman to the Yukon, Montana, to Alaska. Two days ago he was forced down by engine trouble and landed his ship on the Alaska highway 20 miles southeast of here.

The road is just like 1,600 miles of runway from Dawson Creek to Fairbanks, Church said. "It's the greatest thing that ever happened for light planes hedge hopping this rugged country."

"Only trouble with the highway as a landing strip," Church said, "is that there's no airplane service station at every crossroads... not many concrete curbs, come to think of it."

During the war, fighter and bomber pilots followed the broad gravel strip across muskeg and mountain in preference to the rutted beam between airports. There was little possibility of their landing heavy craft safely on the highway at 125 mph, but it was a better bet than the bush. In addition, the highway was a guide which never failed or blacked out with static as radio ranges and pilots' compasses sometimes did.

Church is the second pilot this week to emphasize this new piece of time for the highway. The first was G. A. Lindner, of Fairbanks, Alaska, who was piloting a Taylorcraft from Yakima, Washington. Asked for details for search and rescue in case of accident, the pilot told Fort St. John airport officials, "You won't need to worry about me. I'll follow the Alaska highway and there'll be no accident." There wasn't either.

## Fund at \$8,000

LACOMBE—Memorial Recreation Centre Fund passed the \$8,000 mark this week with a donation of \$100 from W. G. Sage of Lacombe. With canvassing about to start throughout the town and district, the fund stands at \$8,155.82.

## Drive Near \$600

LACOMBE—The Red Cross membership drive is nearing the \$600 mark, it was learned this week from treasurer Dan Macdonald. No rural points have as yet seen in their donations as organization work in the district surrounding Lacombe was just completed last week. Objective of the drive is \$1,500.

## Mrs. J. McNab Dies

LACOMBE—A funeral service was held Saturday from St. Andrew's United Church for Mrs. Jane McNab, longtime resident of the Lacombe district. Mrs. McNab died in the Lacombe and District community hospital after a lengthy illness. The Rev. L. A. Thompson officiated at the service. Pallbearers were Robert Hutchison, John Hutchison, Duncan Cameron, J. N. B. MacDonald, Frank Parsons and Bob Blund.

## Form Scout Group

VERMILION—Boy Scouts were reorganized Wednesday evening when Mayor Morrison presided at a meeting of citizens called by William Dugal. Officers elected were president, Dr. A. B. King; vice-president, F. Brimacombe; treasurer, E. Uquhar.

## Co-Op. Meeting

VERMILION—District Co-Operative Association annual meeting was held in the Memorial hall Wednesday with 97 shareholders in attendance. Manager C. A. Dixon read the auditor's report showing a turnover of goods costing \$112,350, with net earnings of \$1,507. The manager reported that plans and government approval for a cold storage plant had already been secured and that the plans were now in the hands of a local contractor.

## Reorganize Club

RED DEER—The Red Deer Horticultural society has been reorganized. The new officers are: honorary president, E. S. Hogg; honorary vice-president, the presidents of the Rotary, Lions and Kiwanis clubs; president, Geo. M. Englund; vice-president, Mrs. W. J. Kirkpatrick; secretary-treasurer, J. E. C. Dunham; superintendent of show, Hugh Gilchrist; directors, Fred C.

Dr. Casper Named  
Trade Board Head

PEACE RIVER.—The annual meeting of the Peace River Board of Trade was held in the town hall Wednesday when the following were elected: President, Dr. G. F. Casper; vice-presidents, H. J. Jerry, Mrs. C. O'Neill, Lloyd Levesque, executive, G. D. Johnston, Ray Laher, James Mann, J. H. Urwin, Joseph Jensen and J. R. Taylor. J. C. McNeill and Fil-Lt. Sim-

mons, on behalf of the company, support of the request was unanimously passed and arrangements to have some member or members of the board of trade attend the meeting of the transport board to be held in Edmonton in the near future to voice the local support were made. In the war, this area had been neglected through inadequate and uncertain air facilities and that conditions now warranted a resumption of adequate services, particularly into the northern areas, being opened up. A strongly worded resolution was given as Edmonton.

## Seek Woman

The Red Cross, 606 Tegner Building, Edmonton, telephone 28602, is looking for the northern area, being opened up. Anna Belker whose last address is given as Edmonton.

SECOND SECTION EDMONTON, ALBERTA—FRIDAY, MARCH 29, 1946 PAGE THIRTEEN

## Jasper Park Golf Course to Reopen

Newly-needed and completely re-turfed after being plowed under because of winter kill during the war years, the fine 18-hole golf course at Jasper Park Lodge will be all ready for a grand post-war reopening on June 1st, next, date of the opening of the Lodge. W. Bill Brinkworth, professional at the course and chief greenkeeper, stated here Friday.

**MR. BRINKWORTH ALSO** announced that Leroy Goldworthy former National League hockey star, now operating a hockey team in Dallas, Texas, has been re-engaged as his assistant at the Jasper course.

Mr. Brinkworth, who has been in charge of the Jasper golf course for many years, was professional and greenkeeper at the Edmonton Golf and Country Club for a considerable period before accepting the Jasper position.

**THE JASPER PARK** professional was elated over the decision of Goldworthy to return to the Lodge golf course.

He said he expected a big reason because of general civilian travel and the great revival of sport general following in the wake of the Second World War.

While in Edmonton on the present visit Mr. Brinkworth plans to hire some help for the course.

**HE SAID THE JOB** of re-turfing and re-opening had been a big one. The Tolem Polo competition, featuring tournament at Jasper Lodge course before the war, will be revived. It is held in September.

**License Demand Is Reported Slack**  
Although motorists are supposed to have their new license plate attached to their cars by Monday, next, there has been little rush to buy the new green and cream licenses according to officials of the provincial secretary's department on Friday morning.

Police had checked rigidly for new plates on April 1 during the war years, due to an official of the department, to the restriction on gasoline consumption. However, a few days leeway may be allowed this year, he intimated.

**1946 FORD NOW ON DISPLAY**  
The Ford you have been waiting for is now on display. It's the smartest looking Ford in history.

**SEE IT**  
Under its trim, broad hood there's more lively power than ever before. Longer life—greater improved economy in both oil and gasoline.

**WE HAVE IT**  
We're holding "open house." Come in and see the 1946 Ford.

## I Saw Today

**GRANT MCCONACHIE**, talking over the expected summer boom in the far north.

**AND** Chief Petty Officer Leo Lamoreaux talking over the exciting junior hockey tussle at the arena last night.

**GEORGE MCNEIL** also discussing the hockey play-off tussle Ken McNeilly, telling Riley Mullen that he can still get general following in the wake of the Second World War.

While in Edmonton on the present visit Mr. Brinkworth plans to hire some help for the course.

**HE SAID THE JOB** of re-turfing and re-opening had been a big one. The Tolem Polo competition, featuring tournament at Jasper Lodge course before the war, will be revived. It is held in September.

## Minister Denies South Statement

Denial of Calgary stories that negotiations were nearly completed for the opening of a juvenile delinquency home at the city by the provincial department of health and public welfare was issued on Friday morning by Hon. Dr. W. W. Cross, minister of that department. Negotiations with the city of Edmonton were commenced last year, according to the minister, but they have not yet been completed.

## Liquor Quotas Stay Unchanged

There will be no change in quotas of beer or liquor nor of hours of sale in vendors' stores or beverage rooms in April according to A. K. King of the Alberta Liquor Control Board on Friday morning.

## Billfold Missing

Mrs. Lena Hutton, 11644 92nd street, reported to police Thursday evening that she had lost a leather billfold containing \$20. The money was made up of five \$20 bills, two \$5's and one \$10 bill.

## Travelling Clinic Still in Abeyance

Though the equipment and personnel for the service was discontinued due to war conditions, officials of the provincial department of health intimated that they will be unable to start again this summer. Should staff become available however, isolated communities may expect the service to be resumed.

## Transport Pilot Returning to U.S.

Following five years in the air forces, which included piloting transport planes to practically every part of the world, Maj. Louis D. Kuss, acting assistant general and special assistant to the commanding officer at Alaska Division headquarters of the USAF Air Transport Command here, is leaving next week for Fort Sheridan.

**MAJ. KUSS PLANS** to return following discharge to his former home in Gary, Ind., where he is manager of a bank and an attorney.

First wartime flight of Maj. Kuss was to India and China, via the South Atlantic. No members of the crew, who were ferrying a transport plane, had ever been of the United States before. They flew over the lofty Himalaya mountain range in India.

## The Inquiring Reporter

In an effort to combat juvenile delinquency, a number of towns and cities throughout the Dominion, have imposed an evening curfew on under-age citizens. Do you think such a scheme, if called for, would work in Edmonton?

## THE ANSWERS

**R. THORNDYKE**, traveller: I would have to see Edmonton and its citizens reach such a state that a night curfew would prevent the necessity of bringing youngsters to heel. It appears to me to be an admission on the part of the city of inability to provide the proper recreational facilities for "teen-agers," and in addition, there is something wrong with the teaching the kids have been.

**WILSON H. BAKER**, salesman: From my understanding of the situation, a curfew, even if used for only a short period, say in the winter months, had a beneficial effect at different centres where it has been used. It's certainly effective enough in keeping children off the streets at a time when they should be in bed at home in the vicinity of their own homes.

**TOM HAINES**, clerk: I believe that the proper co-operation between parents, school teachers and the police would prevent the necessity of imposing such a curfew. After all, so far as Edmonton is concerned, only a relatively small minority of juveniles cause any after-dark trouble. Why penalize all of them for the mischief of a few?

## Retiring

Completing 23 years in the civil service, and city commissioner from December, 1935, R. J. Gibb will resign on Saturday.

## City Commissioner Retires Saturday

**MR. GIBB JOINED** the civil service in April, 1913, as resident engineer, and in Feb. 1915, was appointed sewer engineer, continuing in that position until January, 1918, when he was appointed assistant engineer.

In May, 1932, he was appointed supervisor of waterworks, and in May, 1935, he was promoted to the dual post of superintendent of waterworks and assistant engineer.

In December, 1935, he was appointed city commissioner.

**MR. GIBB WILL ATTEND** the city council meeting on Tuesday next, which will be his final official appearance. He is attending this meeting to be on hand when council completes consideration of the 1946 estimates.

Since his appointment as city commissioner, Mr. Gibb has been in charge of the five city-owned utilities.

**HE IS BEING SUCCEEDED** in the commissionership by D. B. Menzies, former city engineer in the department of municipal affairs. Mr. Menzies was appointed commissioner on March 1st last, but Mr. Gibb, by resolution of council, continued to act as commissioner until the end of the year.

Mr. Menzies became familiar with details of the utilities operation and other phases of city activities.

## Insurance Firm Liable For Loss

Arising out of a fire which destroyed the Fairview garage on March 8, 1945, judgment for \$14,945.00 was given in favor of E. Taylor, Edmonton, against the Western Union Insurance Co. in a written decision handed down in supreme court Friday by Mr. Justice G. B. O'Connor.

**S. BRUCE SMITH, KC.** and Horace Johnson acted for Mr. Taylor, while R. F. Bennett and W. A. Macgillivray, Calgary for the insurance company.

Mr. Taylor took out a policy with the company on March 5, 1945, which ran concurrently with another policy issued by a different company but which was expiring in a short period of time. Both policies were in effect at the time the fire occurred.

It was contended by the defendant company that an endorsement had been placed on the policy issued which changed its effective date.

**MR. TAYLOR** took out a policy with the company on March 5, 1945, which ran concurrently with another policy issued by a different company but which was expiring in a short period of time. Both policies were in effect at the time the fire occurred.

## March 30%

Saturday, Last Day of EATON'S March of Values

### Spring Time Is Easter Time, and EASTER TIME Is the Time for Pretty New Clothes

#### First, a Coat

Plain, smooth wools, polos, fleecy cloths, novelty tweeds and others, tailored with a dignified air, in colorful shades from the EATON Paint Box!

Tailored Styles—sizes 12 to 20.

**\$15.95 and \$17.50**

Dress Styles—black cloths, 12 to 44, and half sizes.

**\$25.00 to \$69.95**

#### Second, a Suit

A softly detailed dressmaker with intricate stitching or any of the new sophisticated details, or a plain sports-like type, ready to be dressed up or down to fit your mood—what ever kind you choose, your suit is an Essential!

Dressmaker and Sport Suits, sizes 12 to 20. Lovely Dressmakers.

**\$17.50 to \$19.50 \$25.00 to \$45.00**

#### Third, Your Hat

This is the most extravagant part of your wardrobe, the one which gives you the greatest thrill! Make sure yours is truly "your crowning glory!"

Straws (trade name) and Wool Felts.

**\$2.98 to \$3.98**

Better Straws (trade name).

**\$5.00 to \$19.50**

### Easter Blouses

#### Fourth, Your Blouse

The last item you choose for your Easter Ensemble, and one of the most important! A dainty, feminine type, or a plain, young style which looks well with suits... choose yours in white or pastel rayon sheer, sizes 14 to 20.

**\$2.98**

—Ready-to-Wear and Millinery, Second Floor, West

### In Your Smart New Civvies

You were proud of your uniform, and you'll always be proud that you work in it... it's swell to get back into civvies! We don't pretend that civvies are the most important part of coming home! We know, however, how essential the right clothing is to a confident, successful return to civilian life, and we're banking on our Spring men's wear to give you that "lift!"

#### Sport Windbreakers

Cotton poplin weave, styled with zippered fly front, two slant pockets and one breast pocket with flaps, adjustable tabs on half belt at back. Olive shade, sizes 36 to 44.

**\$6.50**

Time for a New Tie!

And we've a glorious selection to wear with new Spring suits and to give old Spring suits a new look! Rayons, wool crease resistant lined.

**\$1.50**

Better quality rayon polka dots, with rayon fly ends.

**\$2.00**

Furled and fancy rayons in a large color group.

**\$2.50 and \$3.00**

"Eve" and "Wilson Girl" ties of top quality rayon, full cut. EACH.

**\$3.50**

#### Men's Coat Jackets

Odd jackets in a neat brown herringbone wool tweed, so handy for sports and other occasions during the Spring. Two button, single breasted front with rolled, notch lapel, skeleton lined with rayon faced cotton.

**\$19.95**

#### Elastic Suspenders

Narrow elastic web with leather ends, free swing 95c back, in blue, brown and green. PAIR.

**95c**

#### Buy Yourself a Good Hat!

Soft, hatting material for hats that give you a well dressed appearance, bring admiring glances from others. At large choice of attractive, go-with-everything colors in a variety of styles.

**\$5.00, \$6.50, \$7.50, \$8.50 and \$10.00**

#### Men's Squali Shirts

All weather rayon sharkskin with ribbed crew neck, waist and cuffs, one breast pocket. Green and brown. \$3.95 with light ribbing, sizes 36 to 44.

**\$3.95**

Or in plain finish cotton country cloth with wool ribbed waist and cuffs, green and brown. \$4.95.

**\$4.95**

#### Men's Eaton Oxford

A medium toe oxford, suitable for street or dress wear, made to give long lasting comfort and wear! Goodyear welted leather sole.

**\$6.00**

#### Boys' Hip Jackets

Hip length cotton crash jackets for Spring wear. Have all round buttoned front and four pockets. Colors come in blue and green with white collar and pocket flaps.

**\$3.49**

#### Boys' 2-Pant Suits

Herringbones, donegal types and over checks—three favorite wool patterns in brown, fawn, blue, grey and dark blue. Three button coat has notch lapel and plain back, each pair of long pants has regular belt loops, suspender buttons and cuffs. Sizes 10 to 16 years collectively. 3-PIECE SUIT.

**\$15.95 \$16.95 and \$18.95**

#### Boys' Zippered 'Breakers

Navy wool flannel slacks with grey or maroon cotton corduroy front and collar. Two side pockets and cuffs. Justing tabs, sizes 8 to 16 years. EACH.
